

TAREA 6 ISAAC ACOSTA RODRÍGUEZ

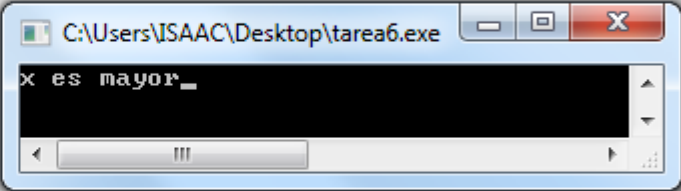

```
tarea6.c
#include <stdio.h>
#include <stdlib.h>

main()
{
    int x,z;
    x=3;
    z=4;
    if(x>z)
    printf("x es mayor");
    printf("x es menor");
    getch();
}
```

```
tarea6.c
#include <stdio.h>
#include <stdlib.h>

main()
{
    int x,z;
    x=4;
    z=3;
    if(x>z)
    printf("x es mayor");
    else
    printf("x es menor");
    getch();
}
```

```
tarea6.c
#include <stdio.h>
#include <stdlib.h>

main()
{
    int x,z;
    x=4;
    z=3;
    if(x<z)
    printf("x es mayor");
    else
    printf("x no es menor");
    getch();
}
```
